CLAUSE 1 - GENERAL PROVISIONS

1.1 DEFINITIONS

As used throughout this Subcontract, the following terms have the meanings set forth below:

“CFR” means the Code of Federal Regulations.

“Commercial product,” “commercial service,” and “commercially available off-the-shelf (COTS) item” have the meanings contained in Federal Acquisition Regulation, FAR, 2.101, Definitions.

“DEAR” means the Department of Energy Acquisition Regulation.

“DOE” means the United States Department of Energy or any duly authorized representative thereof.

“FFDG” means Fermi Forward Discovery Group, LLC, acting as operator and manager of the Fermi National Accelerator Laboratory under United States Department of Energy Prime Contract No. 89243024CSC000002, and includes any successor to that Prime Contract or any duly authorized representatives thereof. FFDG is the contracting entity for this Subcontract.

“FAR” means the Federal Acquisition Regulation.

“Fermilab” means the physical site and property that is the Fermi National Accelerator Laboratory.

“FFDG Procurement Representative” shall mean the person in charge of administering this Subcontract for FFDG or his or her written designee.

“Government” means the Government of the United States, acting through the United States Department of Energy or its successor.

“SDSTA” means the South Dakota Science & Technology Authority, created by the South Dakota legislature, and operator of the Sanford Underground Research Facility.

“SURF” means the Sanford Underground Research Facility, located in Lead, South Dakota, and which is the Far Site for the Long Baseline Neutrino Facility (LBNF) project of the Fermi National Accelerator Laboratory.

“Subcontract” means this Subcontract between FFDG and the Subcontractor. “Sub-subcontracts” means the Subcontractor’s subcontracts. Except as otherwise provided in this Subcontract, “sub-subcontracts” includes purchase orders under this Subcontract.

“Subcontractor” means the party that has entered into this Subcontract with FFDG. The lower case “subcontractor” means sub-subcontractors.

When an article, provision, or clause in this Subcontract uses a word or term that is defined in the Federal Acquisition Regulation (FAR), the word or term has the same meaning as the definition in FAR 2.101 in effect at the time the solicitation was issued, unless:

- (a) The solicitation, or amended solicitation, provides a different definition;
- (b) The contracting parties agree to a different definition in the Subcontract;
- (c) The part, subpart, or section of the FAR where the provision or clause is prescribed provides a different meaning; or
- (d) The word or term is defined in FAR Part 31, for use in the cost principles and procedures.

When a solicitation provision or contract clause uses a word or term that is defined in the Department of Energy Acquisition Regulation (DEAR) (48 CFR chapter 9), the word or term has the same meaning as the definition in 48 CFR 902.101 or the definition in the part, subpart, or section of 48 CFR chapter 9 where the provision or clause is prescribed in effect at the time the solicitation was issued, unless an exception in 1.1 applies.

1.2 SCOPE OF SUBCONTRACT

The scope of this Subcontract is to provide services and supplies as set forth in the Subcontract, Statement of Work, and incorporated documents.

This Subcontract is entered into under FFDG's Prime Contract No. 89243024CSC000002 with DOE for the operation and management of the Fermi National Accelerator Laboratory.

1.3 INDEPENDENT CONTRACTOR

The Subcontractor is, and shall act as, an independent Subcontractor and the Subcontractor shall not be or act as the agent, employee, or servant of FFDG or the Government. Without limiting the generality of the foregoing, it is understood and agreed that:

- (a) All persons employed by the Subcontractor in the performance of this agreement shall be employees of the Subcontractor and not employees of FFDG or the Government;
- (b) This Subcontract does not create a joint employer relationship for FFDG or the Government; and
- (c) The Subcontractor shall not enter into any contract with a third party which purports to obligate or bind FFDG or the Government.

1.4 ASSIGNMENT

Neither this Subcontract nor any interest therein nor claim thereunder shall be assigned or transferred by the Subcontractor except as expressly authorized in writing by FFDG. Subcontractor shall inform FFDG of the transfer of Seller's assets, rights, obligations, and/or liabilities under this Agreement to a separate legal entity and submit written proof of such transfer. Subcontractor also shall inform FFDG of a corporate name change and submit documents as proof of such a change. The parties must enter into and execute a Novation Agreement or Name Change Agreement for assignment by Subcontractor to be effective. FFDG may assign, without Subcontractor's consent, the whole or any part of this Subcontract to the Government

or its designee or to a successor contractor for operation and management of the Fermi National Accelerator Laboratory, and in such event this Subcontract shall continue in full force and effect.

1.5 ACCEPTANCE OF SUBCONTRACT

The Subcontractor's written acceptance of this Subcontract or the performance of any portion of this Subcontract shall constitute the Subcontractor's unqualified acceptance of this Subcontract and all the Subcontract's terms and conditions. Any alterations made to the documents comprising this Subcontract or any conditions imposed by the Subcontractor upon its written acceptance of this Subcontract are not accepted, shall only constitute a proposal for modification of the Subcontract, and shall have no effect on the validity or the Subcontractor's acceptance of this Subcontract and its terms and conditions, anything to the contrary notwithstanding.

1.6 TIME IS OF THE ESSENCE

Subcontractor acknowledges and agrees that time is of the essence in the performance of the work required by the Subcontract.

CLAUSE 2 - PAYMENT

Once each month (or at more frequent intervals, if approved by FFDG in writing), the Subcontractor may submit to FFDG invoices or vouchers in such form and detail and supported by such documents as provided below. Within 30 days after receipt of each invoice or voucher FFDG shall, subject to the provisions of this Subcontract, make payment thereon as approved by FFDG. FFDG shall have the right, in the event of a breach by Subcontractor of any provision of this Subcontract, to withhold amounts for losses or damages resulting or threatened as a result of such breach, provided any amounts not in dispute are timely paid. Subcontractor shall not stop, slow, or suspend performance of its services on account of a good faith dispute between FFDG and Subcontractor as to the appropriate sum due and payable to Subcontractor under this Subcontract.

In connection with any discount offered, time will be computed from the date of completion of the performance of the services or from the date the correct invoice or voucher is received at the office specified by FFDG, whichever is later. Payment is made, for discount purposes, when the check is mailed.

At any time prior to final settlement under this Subcontract, representatives of FFDG or its designees will have access to and the right to audit Subcontractor's invoices, vouchers, statement of cost, books, and records to determine the correctness and propriety of payments made under this Subcontract. Each payment theretofore made shall be subject to adjustment for amounts included in the related invoice or voucher on the basis of such audit. Any payment may be reduced for overpayments, or increased for under payments, on preceding invoices or vouchers. The Subcontractor agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) accruing to or received by the Subcontractor or any assignee under this Subcontract shall be paid by the Subcontractor to FFDG, to the extent that they are properly allocable to costs for which the Subcontractor has been reimbursed by FFDG under this Subcontract. Reasonable expenses incurred by the Subcontractor for the purpose of securing such refunds, rebates, credits, or other amounts shall be allowable costs hereunder when approved by FFDG.

Claims for payment shall be accompanied by such supporting documents and justification as FFDG shall require and shall be made in writing to FFDG within thirty (30) days' of discovering the claim.

Subcontractor shall maintain detailed, complete, and accurate accounting records satisfactory to FFDG.

CLAUSE 3 - STANDARD OF PERFORMANCE (SERVICES)

Subcontractor shall perform the services in a professional, skillful, and competent manner in accordance with the standards of care and quality practiced by reputable and recognized subcontractors with national experience in performing similar services for projects of similar size, scope, and complexity, in a similar location.

CLAUSE 3A - INSPECTION (SUPPLIES)

FFDG has the right to inspect and test all supplies in accordance with the FAR inspection clauses incorporated by reference in the Clause titled Special Government Flow Down Provisions. FFDG may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in price.

CLAUSE 4 - LICENSES AND PERMITS

The Subcontractor shall maintain all applicable licenses and permits in good standing with the appropriate jurisdiction or governing body throughout the term of this Subcontract. Subcontractor shall immediately notify FFDG of any change in the good standing status of its licenses or permits. Failure by the Subcontractor to maintain applicable licenses in good standing or permits is cause for immediate termination of this Subcontract by FFDG.

CLAUSE 5 - CHANGES AND MODIFICATIONS

5.1 CHANGES

FFDG may, at any time, by written order designated or indicated to be a change order, make any change in the work within the general scope of the Subcontract, including changes:

- (a) In the description of services to be performed;
- (b) In the time of performance of services;
- (c) In the place of performance of the services;
- (d) In the specifications (including drawings and designs) when the supplies to be furnished are specially manufactured under this Subcontract in accordance with drawings, designs, or specifications;
- (e) In the method of shipment or packing; or
- (f) In the time or place of delivery.

The Subcontractor shall perform the services in accordance with the changes ordered by FFDG upon receipt of the written change order. Except as provided in this clause, no order, statement, or conduct of FFDG shall be treated as a change under this clause or entitle the Subcontractor to an equitable adjustment.

If any change under this clause causes an increase or decrease in the Subcontractor's cost of, or the time required for, the performance of any part of the work under this Subcontract, and the Subcontractor properly provides notice of the change and submits all required support for such change to FFDG in accordance with this section and the Subcontract, FFDG shall make an equitable adjustment and modify the Subcontract in writing. The Subcontractor must assert its right to an equitable adjustment under this clause and submit its proposal in support thereof, within 30 days after: (a) receipt of a written change order; or (b) the furnishing of a written notice submitting to FFDG a written statement describing the general nature and

amount of the proposal, unless this period is extended by FFDG. Except for an adjustment based on defective specifications, no adjustment for any change shall be made for any costs incurred more than 30 days before the Subcontractor gives written notice as required. In the case of defective specifications for which FFDG is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Subcontractor in attempting to comply with the defective specifications.

No claim by the Subcontractor for an equitable adjustment based on changes made by FFDG shall be allowed if asserted after final payment under this Subcontract. Adjustments to Subcontract price and time for performance shall be memorialized in a Supplemental Agreement or Subcontract Modification. Each Supplemental Agreement or Subcontract Modification shall constitute a final settlement of all matters relating to the change in the work that is the subject of the change order, including but not limited to, all adjustments to the Subcontract price and time for performance, if any, included with that change order. No course of conduct or dealing between the parties, no express or implied acceptance of alterations or additions to the work and no claim that FFDG has been unjustly enriched by an alteration or addition to the work, whether there is any unjust enrichment, shall be the basis of any claim for adjustment in compensation due the Subcontractor or in connection with the work or for adjustment in any time period provided for under the Subcontract. Moreover, the Subcontractor hereby waives and forfeits all claims that any work, services, or other activities were performed pursuant to any contract or other agreement separate from the Subcontract. Subcontractor shall not receive any additional compensation or any adjustment in the Subcontract price or time of performance in connection with any work, services, or other activities of the Subcontractor pertaining to the work unless such work, services, or other activities is authorized in a change order or a written directive, as more specifically described in this section.

5.2 MODIFICATION PROPOSALS - PRICE BREAKDOWN

The Subcontractor, in connection with any proposal made for a Subcontract modification, shall furnish a price breakdown, itemized as required by FFDG. Unless otherwise directed, the breakdown shall be in sufficient detail to permit an analysis of all material, labor, equipment, sub-subcontract, overhead costs, and profit, and shall cover all work involved in the modification, whether such work was deleted, added, or changed. Any amount claimed for sub-subcontracts shall be supported by a similar price breakdown. In addition, if the proposal includes a time extension, a justification therefore shall also be furnished. The justification shall be furnished by the date specified by FFDG.

When costs are a factor in any determination of a Subcontract price adjustment under any clause of this Subcontract, such costs shall be in accordance with the contract cost principles and procedures in Subpart 31.2 of the FAR and Subpart 931.2 of the DEAR in effect on the date of this subcontract.

CLAUSE 6 - INDEMNIFICATION AND LIABILITIES

6.1 INDEMNIFICATION

FFDG Related Entities: To the extent permitted by law, the Subcontractor shall indemnify and hold harmless FFDG, The University of Chicago, Universities Research Association, Inc., and the United States Government, their officers, agents, servants, and employees from any and all liability for losses, expenses, damages, demands, and claims, and shall defend any claim, suit, or action brought against any or all of them based on any alleged personal injury or property damage, and shall pay any damages, costs, and expenses, including attorneys' fees, in connection with or resulting from such claim, suit, or action that arise in whole or in part from any negligent or willful act or omission of the Subcontractor, its employees, agents, subcontractors, material suppliers, or anyone for whose acts they may be liable.

SURF Related Entities: To the extent permitted by law, the Subcontractor agrees to hold harmless and indemnify SDSTA, the State of South Dakota, and their officers and employees from and against any and all actions, suits, damages, liability, or other proceedings which may arise as a result of the negligence,

misconduct, error or omission of any officer, agent, subconsultant, or employee of the Subcontractors, but only to the extent of such negligence, misconduct, error or omission. This section does not require the Subcontractor to indemnify SDSTA or the State of South Dakota, or their officers, agents or employees from claims or liability to the extent such claims or liability arise from the acts or omissions of SDSTA, the State of South Dakota or their officers, agents, or employees.

The obligations of the Subcontractor under this Clause regarding liability and indemnification will survive the final completion or termination of this Subcontract.

6.2 ASSUMPTION OF RISK UNTIL FINAL ACCEPTANCE

The Subcontractor assumes all risks and responsibility for damage to its work and materials from fire, earthquake, storm, or other causes prior to the completion and final acceptance of the work by FFDG. The Subcontractor shall, at its own expense, repair and/or replace any work or materials damaged or destroyed. Subcontractor: (i) acknowledges and agrees that operations will be ongoing at Fermilab during performance of the Subcontractor's work, and (ii) agrees to perform Subcontractor's work in such a manner so as to, (a) not interfere with such operations or inconvenience FFDG's employees or agents at Fermilab, and (b) cooperate and coordinate the Subcontract work with others at Fermilab as directed by FFDG.

6.3 THEFT

Necessary precautions for safeguarding material and equipment will be the responsibility of the Subcontractor. The Subcontractor shall follow the SDSTA procedures in the event of theft of Subcontractor or FFDG furnished property while on the SURF site. In addition, the Subcontractor shall immediately notify the FFDG Procurement Administrator of the theft, providing the following information:

Name and phone number of person making report.

Description of missing property; i.e., make and color (if available), model number, serial number and value. Indicate ownership; if Government, furnish Government Identification No.

Date and time theft took place or was discovered.

Date and time property was last known to be in proper place.

Any other information which might be pertinent.

6.4 WARRANTY (NON-PROFESSIONAL SERVICES)

(a) Definitions. Acceptance, as used in this clause, means the act of an authorized representative of FFDG by which FFDG or the Government assumes for itself, or as an agent of another, ownership of existing and identified supplies, or approves specific services, as partial or complete performance of the contract.

(b) Notwithstanding inspection and acceptance by FFDG or any provision concerning the conclusiveness thereof, the Subcontractor warrants that all services performed under this Subcontract will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this contract. FFDG shall give written notice of any defect or nonconformance to the Subcontractor that shall state either: (1) that the Subcontractor shall correct or reperform any defective or nonconforming services, or (2) that FFDG does not require correction or reperformance.

(c) If the Subcontractor is required to correct or reperform, it shall be at no cost to FFDG or the Government, and any services corrected or reperformed by the Subcontractor shall be subject to this clause to the same extent as work initially performed. If the Subcontractor fails or refuses to correct or reperform, FFDG may,

by contract or otherwise, correct or replace with similar services and charge to the Subcontractor the cost occasioned to FFDG or the Government thereby, or make an equitable adjustment in the Subcontract price.

(d) If FFDG does not require correction or reperformance, FFDG shall make an equitable adjustment in the Subcontract price.

6.4A - WARRANTY (SUPPLIES)

Subcontractor warrants: All supplies, materials, and related services, hereinafter called "supplies", furnished under this subcontract will conform to the specifications and all other requirements of this Subcontract and will be free from defects in material or workmanship. Such warranties together with Subcontractor's service warranties and guarantees, if any, shall survive inspection, tests, acceptance of and payment for the supplies, and shall run to FFDG, its successors and assigns.

The Subcontractor shall, within a reasonable time after receipt of written notice thereof, repair or replace, at its own expense, including transportation costs, if any, any defects in materials or workmanship, or nonconformance with specifications that may appear during the period ending on a date twelve months after initial use or eighteen months after delivery, whichever is earlier, unless a different warranty period is provided in this subcontract. If, within a reasonable time, Subcontractor is unable or refuses to correct or replace such defective or nonconforming supplies, FFDG may, at its option, either return for credit or may by subcontract or otherwise repair or replace such supplies and assess Subcontractor the cost occasioned thereby. The rights and remedies of FFDG provided in this clause are in addition to and do not limit any rights afforded to FFDG by law or by any other clause of this subcontract.

If the specifications provide for the furnishing of designs by the Subcontractor, the Subcontractor shall have complete responsibility for the adequacy of designs to meet performance requirements.

Compliance with Internet Protocol Version 6 (IPv6) in Acquiring Information Technology.

- (i) If this Subcontract involves the acquisition of Information Technology (IT) that uses Internet Protocol (IP) technology, the Subcontractor agrees and warrants that:
 - (A) All deliverables involving IT that uses IP (products, services, software, etc.) will comply with IPv6 standards and interoperate with both IPv6 and IPv4; and
 - (B) All deliverables involving IT will possess IPv6 technical support for development and implementation and fielded product management available.
- (ii) If the Subcontractor plans to offer a deliverable involving IT that is not initially compliant, the Subcontractor agrees and warrants that it shall:
 - (A) Obtain the Laboratory Procurement Official approval before starting work on the deliverable; and
 - (B) Maintain the availability of IPv6 technical support for development, implementation, and fielded product management.
- (iii) Should the Subcontractor find that the statement of work or specifications of this Subcontract do not conform to the IPv6 standard, Subcontractor must notify FFDG of such nonconformance and act in accordance with instructions provided by FFDG.

This warranty shall not limit FFDG's rights under FAR 52.246-2 INSPECTION OF SUPPLIES – FIXED PRICE (AUG 1996).

6.5 SUSPECT/COUNTERFEIT PARTS

Notwithstanding any other provisions of this agreement, the Subcontractor warrants that all products provided to FFDG shall be genuine, new, and unused, unless otherwise specified in writing by FFDG. Subcontractor further warrants that all products used by the Subcontractor during performance of work at

Fermi National Accelerator Laboratory include all genuine, original, and new components, or are otherwise suitable and fit for the intended purpose. Subcontractor's warranty extends to labels and/or trademarks or logos affixed, or designed to be affixed, to products supplied or delivered to Fermilab.

Subcontractor shall indemnify Fermi Forward Discovery Group, LLC, and the U.S. Department of Energy, their respective agents, and third parties for any financial loss, injury, or property damage resulting directly or indirectly from material, components, or parts that are not genuine, original, or unused, or not otherwise suitable and fit for the intended purpose. This includes but is not limited to materials that are defective, suspect, or counterfeit; materials that have been provided under false pretenses; and materials or products that are materially altered, damaged, deteriorated, degraded, or result in product failure.

Types of material, parts, and components known to have been misrepresented include but are not limited to fasteners; hoisting, rigging and lifting equipment; cranes; hoists; valves; pipe and fittings; electrical equipment and devices; plate, bar shapes, channel members, and other heat-treated materials and structural items; welding rod and electrodes; and computer memory modules.

Because falsification of information or documentation may constitute criminal conduct, the Subcontractor acknowledges and agrees that FFDG may reject and retain such information or products at no cost, and identify, segregate, and report such information or activities to relevant Department of Energy Officials.

CLAUSE 7 - TERMINATION AND NON-WAIVER OF DEFAULTS

7.1 TERMINATION

FFDG may terminate this Subcontract in accordance with the FAR clauses relating to Termination for Convenience of the Government or Default that are incorporated by reference into these General Terms and Conditions, at the Clause titled Special Government Flow Down Provisions.

In addition, FFDG may terminate this Subcontract for any material default by the Subcontractor relating to any Subcontract article, clause, or requirement, including but not limited to the environmental, safety, and health requirements.

7.2 NON-WAIVER OF DEFAULTS

Any failure by FFDG at any time, or from time to time, to enforce or require the strict keeping and performance of any of the terms or conditions of this Subcontract shall not constitute a waiver of such terms or conditions and shall not affect or impair such terms or conditions in any way, or the right of FFDG at any time to avail itself of such remedies as it may have for any breach or breaches of such terms or conditions.

The rights and remedies of FFDG in this clause are in addition to any other rights and remedies provided by law under this Subcontract.

CLAUSE 8 - LAWS AND REGULATIONS; DISPUTES; APPLICABLE LAW

8.1 LAWS AND REGULATIONS

All delivered items and all services performed under this Subcontract shall be in compliance with all applicable federal, state, and local laws, ordinances, statutes, codes, rules, and regulations (including DOE regulations), including but not limited to those relating to wages, hours, employment, discrimination, immigration, and safety. The Subcontractor also shall comply with the Contractor Requirements Document (CRD) of any DOE Directive referenced within the Subcontract or these General Terms and Conditions.

8.2 DISPUTES

The parties agree to cooperate in resolving any claims, controversies or disputes that may arise out of or relate to this Subcontract, the breach thereof, or the Subcontract Work, (collectively, "Dispute" or "Disputes"). The parties are committed to resolving any Disputes in an amicable, professional, and expeditious manner so as to avoid any unnecessary costs or delays to the Work.

Continuance of Work: The parties expressly agree and acknowledge that Work will not be stopped or slowed in any way during the pendency of any Dispute. Subcontractor shall continue to prosecute the Work pending final resolution or determination thereof, unless requested by FFDG to suspend Subcontract Work, provided that FFDG continues to pay Subcontractor as provided herein for all Subcontract Work not subject to a Dispute.

Step Negotiations: FFDG and Subcontractor will first attempt to resolve Disputes at the field level through discussions between FFDG's Project Manager and the Subcontractor's Project Manager. If a Dispute cannot be resolved at the field level, upon the request of either party, the Dispute shall be directed to FFDG's Procurement Manager and Subcontractor's Executive Corporate Representative (collectively "Senior Representatives") who shall meet as soon as conveniently possible, but in no case later than thirty (30) days after such a request is made, to attempt to resolve such Dispute. Prior to any meetings between the parties, the parties will exchange relevant information that will assist the parties in resolving their Dispute.

Mediation: If the Dispute is not resolved through negotiations between the Senior Representatives, the parties will submit the matter to mediation.

Binding Dispute Resolution: At the sole option and decision of FFDG, all Disputes not resolved by Step Negotiations or Mediation shall be decided by confidential, binding arbitration, administered jointly by the parties to the arbitration and otherwise in accordance with the Commercial Arbitration Rules and Medication Procedures of the AAA then in effect before the Arbitrator. Execution of this Subcontract represents Subcontractor's express consent and agreement to arbitrate Disputes if so chosen by FFDG. Notice of demand for arbitration must be filed in writing with the other parties to the arbitration. If FFDG does not elect arbitration, the parties shall proceed to litigation. In no event may the demand for arbitration be made after institution of legal or equitable proceedings based on the Dispute would be barred by the applicable statute of limitations.

Each party shall produce all documents relevant to the Dispute. Each party shall be entitled to depose no more than six (6) fact witnesses for no longer than six (6) hours each. Each party shall be entitled to depose any and all retained expert opinion witnesses for no longer than six (6) hours each. All discovery disputes shall be decided by the Arbitrator. The Arbitrator may modify these discovery limitations for good cause shown.

The Arbitrator shall have authority to order specific performance, including, without limitation, interim injunctive relief prior to the Dispute being resolved and any final injunctive relief warranted. The Arbitrator shall have the authority to decide all issues concerning the fulfillment of any condition precedent to the arbitrability of a claim or defense; the amount of damages to be awarded, if any; and the arbitrability of the issues presented as well as to resolve all Disputes, including, without limitation, all federal, state, and local statutory claims. The Arbitrator is not empowered to award damages in excess of compensatory damages such as punitive damages.

The award of the Arbitrator shall be enforceable in any court of competent jurisdiction, and each party consents and submits to the jurisdiction of such court for purposes of such action.

Joinder of Parties: At either party's option, third parties may be joined in any of the dispute resolution processes listed above, by consolidation, joinder, or otherwise, who are subject to a valid alternative dispute resolution agreement with the party seeking joinder of such third party.

8.3 APPLICABLE LAW

To the extent that Federal law does not exist and state law could become applicable to this Subcontract, the law of Illinois shall apply.

CLAUSE 9 - RELEASE OF INFORMATION

The Subcontractor agrees that information regarding this Subcontract, any data developed or obtained in the course of performing this Subcontract, and the name of FFDG, Fermi National Accelerator Laboratory, Fermilab, the United States Government, or the United States Department of Energy shall not be disclosed in any publications, news releases, advertising, speeches, technical papers, photographs, and other releases of information without prior written approval from the FFDG Procurement Representative.

CLAUSE 10 - NOTIFICATIONS

The Subcontractor shall immediately notify the FFDG Procurement Representative in writing of: (1) any action, including any proceeding before an administrative agency, filed against the Subcontractor arising out of the performance of this Subcontract; and (2) any claim made against the Subcontract, the cost of which is or is claimed to be reimbursable under this Subcontract.

If, at any time during the performance of this Subcontract, the Subcontractor becomes aware of any circumstances which may jeopardize its performance of all or any portion of the Subcontract, it shall immediately notify the FFDG Procurement Representative in writing of such circumstances, and the Subcontractor shall take whatever action is reasonably necessary to resolve such circumstances within the shortest possible time.

CLAUSE 11 - ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

This Subcontract shall consist of the Subcontract document (including any signature page), Purchase Order (if applicable), these General Terms and Conditions and any other referenced or incorporated clauses, provisions, and documents. Together, they are the entire agreement between the parties concerning the subject matter and they supersede all prior proposals, representations, negotiations, or agreements, whether written or oral.

Any inconsistencies in the terms and conditions comprising the Subcontract shall be resolved by giving precedence in the following order: (a) the Subcontract document; (b) these General Terms and Conditions including the FAR and DEAR clauses incorporated by reference; (c) any specifications or drawings; (d) other documents listed in the Subcontract as Incorporated Documents, if any, in the order in which they are listed; and (e) any other referenced or incorporated clauses, provisions, or documents.

CLAUSE 12 - SITE AND FACILITIES ACCESS

SURF Site or Facility Access: The Subcontractor and lower-tier subcontractors shall comply with all SDSTA requirements for access to the SURF site and facilities.

Acknowledgment of Risk. Subcontractor is advised that all natural persons who enter the underground property at the SURF site are required to declare that they have investigated and been advised on the risks associated with going underground. All persons entering the underground property will be required to sign an Acknowledgement of Risk as required by SDSTA.

Release, Agreement Not to Sue and Waiver (the "Release"). Subcontractor is advised that all natural persons who enter or conduct work or activities directly related to the underground property at the SURF site must agree to release, discharge and not sue SDSTA, the State of South Dakota, other Homestake entities identified in the Release and their respective officers and employees from and

against any and all actions, suits, damages, liability or other proceedings. The required form of Release will be provided by SDSTA.

Fermilab Site or Facility Access: All Subcontractor and lower-tier subcontractor employees requiring access to any Fermilab facility or sites, including on-site or remote access to Fermilab/FFDG computer systems, are subject to applicable DOE and FFDG site access requirements and restrictions, including but not limited to all environmental, health, safety, security, and personnel requirements. Any questions should be directed to either the subcontract designated Technical Representative or the FFDG Procurement Representative.

- (a) The Subcontractor shall not assign foreign national (non-U.S. citizen) employees or other personnel to work at any Fermilab facility or site, including through on-site or remote access to Fermilab/FFDG computer systems, who were born in, are citizens of, are employed or sponsored by, or represent a government, company, institution, or other organization based in a country on the Department of State's List of State Sponsors of Terrorism (<https://www.state.gov/state-sponsors-of-terrorism/>) without prior written approval from DOE Headquarters. Terrorist-sponsoring countries may be updated from time to time by the State Department. Requests for access must be submitted to the FFDG Procurement Representative at least 180 days in advance to allow time for approval from the DOE.
- (b) FFDG also is required by DOE to document all foreign national employees who were born in, are citizens of, are employed or sponsored by or represent a government, company, institution, or organization based in, a sensitive country and who require access to a Fermilab facility or site, including either on-site or remote access to Fermilab/FFDG computer systems. To obtain site access, the Subcontractor must provide the place of birth and citizenship for all foreign national employees/personnel working on this subcontract who may access a Fermilab facility or site, including on-site or remote access to Fermilab/FFDG computer systems. Employees/personnel from specific sensitive countries may need additional processing and/or be subject to specific restrictions as required by DOE Order 142.3B.

CLAUSE 13 - ENVIRONMENT, SAFETY & HEALTH (ES&H)

The Subcontractor shall take all reasonable precautions in the performance of this Subcontract to protect the health and safety of employees, sub-subcontractor employees, FFDG employees, and members of the public, to minimize danger from all hazards to life and property, and to prevent injury to any employees or other persons. The safety of all persons employed by the Subcontractor and its subcontractors on the Fermilab site, or other Government premises, or any other person who enters on the sites or premises for reasons relating to this Subcontract, shall be the sole responsibility of the Subcontractor.

The Subcontractor shall comply with all applicable environmental, safety, health, and fire protection laws, regulations, orders, and requirements (including reporting requirements), including those of DOE. The Subcontractor shall comply with FFDG's environmental, safety, and health requirements for any work performed at the Fermilab site, including the requirements set forth in 10 CFR 851 Worker Safety and Health Program.

The Subcontractor shall immediately take action to correct any noncompliance with the environmental, safety, and health requirements of this Subcontract. If the Subcontractor fails to comply with the environment, safety, and health requirements, FFDG may, without waiver of any other legal or contractual rights or remedies, issue a stop-work order that stops all or any part of the work under this Subcontract. Thereafter, a start order for resumption of any or all work may be issued at the discretion of FFDG. The Subcontractor may not make any claim for an extension of time or for compensation or damages in connection with any work stoppage under this provision.

CLAUSE 14 - STOP-WORK ORDER (FAR 52.242-15 (AUG 1989))

FFDG may, at any time, by written order to the Subcontractor, require the Subcontractor to stop all, or any part, of the work called for by this Subcontract contract for a period of 90 days after the order is delivered to the Subcontractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Subcontractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Subcontractor, or within any extension of that period to which the parties shall have agreed, FFDG shall either:

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default or Termination for Convenience of FFDG clauses of this contract.

If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Subcontractor shall resume work. FFDG shall make an equitable adjustment in the delivery schedule or Subcontract price, or both, and the Subcontract shall be modified, in writing, accordingly, if—

- (1) The stop-work order results in an increase in the time required for, or in the Subcontractor's cost properly allocable to, the performance of any part of this Subcontract; and
- (2) The Subcontractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if FFDG decides the facts justify the action, FFDG may receive and act upon the claim submitted at any time before final payment under this Subcontract.

If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of FFDG, FFDG shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

If a stop-work order is not canceled and the work covered by the order is terminated for default, FFDG shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

CLAUSE 15 - INSURANCE

Insurance requirements for this Subcontract are established by FFDG as the contracting entity and in accordance with the SDSTA Risk Transfer Protocols (for work occurring on the SURF site). Before undertaking any work under this Subcontract, the Subcontractor shall, except as otherwise approved by FFDG, comply with the Insurance Requirements Exhibit to this Subcontract, which is based upon levels of risk, and provides the applicable certificates of insurance as set out in the Insurance Requirements Exhibit.

The Subcontractor shall indemnify FFDG and SDSTA for any expense incurred or loss suffered by FFDG or SDSTA for the failure of the Subcontractor to comply with the provisions of this clause or the Insurance Requirements for this Subcontract.

CLAUSE 16 - SERVICE CONTRACT LABOR STANDARDS/WALSH-HEALEY PUBLIC CONTRACTS ACT

If the principal purpose of this Subcontract is to require the Subcontractor to provide services, this Subcontract is subject the Service Contract Labor Standards statute (41 U.S.C. chapter 67) and the related FAR provisions that are incorporated by reference in the Clause titled Special Government Flow Down Provisions, unless the Subcontract is performed by employees in bona fide executive, administrative, or

professional capacity (as excluded from the definition of service employees in the Service Contract Labor Standards statute) or it is subject to another exclusion or exemption by the Secretary of Labor or in the Service Contract Labor Standards statute (41 U.S.C. § 6702, as interpreted in 29 CFR Part 4, Subpart C).

If the principal purpose of this Subcontract is for the manufacture or furnishing of materials, supplies, articles, or equipment in an amount which exceeds or may exceed \$10,000, it is subject to the Walsh-Healey Public Contracts Act, as amended (41 U.S.C. chapter 65):

(a) All stipulations required by the Act and regulations issued by the Secretary of Labor (41 CFR Chapter 50) are incorporated by reference. These stipulations are subject to all applicable rulings and interpretations of the Secretary of Labor that are now, or may hereafter, be in effect.

(b) All employees whose work relates to this subcontract shall be paid not less than the minimum wage prescribed by regulations issued by the Secretary of Labor (41 CFR 50-202.2). Learners, student learners, apprentices, and handicapped workers may be employed at less than the prescribed minimum wage (see 41 CFR 50-202.3) to the same extent that such employment is permitted under Section 14 of the Fair Labor Standards Act (41 U.S.C. 40).

CLAUSE 17 - SPECIAL GOVERNMENT FLOW DOWN PROVISIONS (SERVICES)

The Federal Acquisition Regulation (FAR) and Department of Energy Acquisition Regulation (DEAR) clauses listed below are incorporated by reference into this Subcontract, with the same force and effect as if they were written out in full verbatim text. The full texts of the clauses are located in Chapters 1 and 9 of Title 48 of the Code of Federal Regulations and are available at <https://www.gpo.gov/fdsys/> or <https://www.acquisition.gov>.

The threshold categories below are additive, meaning that the clauses listed for each threshold level apply to any Subcontract within that or any higher threshold level of applicability.

As used in these incorporated clauses, the following terms will have the meanings listed below:

“Contract” shall mean this Subcontract.

“Contractor” shall mean the Subcontractor.

“Subcontractor” in lower case shall mean the Subcontractor’s subcontractors (i.e., lower tier subcontractors).

“Government” and “Contracting Officer” shall mean FFDG, except as specifically noted below.

The Subcontractor shall include the listed provisions in its subcontracts, at any tier, to the extent applicable to the type of work and Subcontractor status. The version of the provision in force at the time of execution of this Subcontract or any sub-subcontracts shall control.

THE FOLLOWING CLAUSES APPLY REGARDLESS OF SUBCONTRACT VALUE

FAR 52.203-19 PROHIBITION ON REQUIRING CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS OR STATEMENTS (JAN 2017)

FAR 52.204-9 PERSONAL IDENTITY VERIFICATION OF SUBCONTRACTOR PERSONNEL (JAN 2011)

DEAR 927.303(c) FACILITIES LICENSE (DEC 2000)

Per DEAR 927.303(c), the following applies to subcontracts for the design, construction, or operation of a Government-owned research, development, demonstration or production facility:

Facilities License. In addition to the rights of the parties with respect to inventions or discoveries conceived or first actually reduced to practice in the course of or under this Subcontract, the Subcontractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries regardless of when conceived or actually reduced to practice or acquired by the Subcontractor at any time through completion of this Subcontract and which are incorporated or embodied in the construction of the facility or which are utilized in the operation of the facility or which cover articles, materials, or products manufactured at the facility (1) to practice or have practiced by or for the Government at the facility, and (2) to transfer such license with the transfer of that facility. Notwithstanding the acceptance or exercise by the Government of these rights, the Government may contest at any time the enforceability, validity or scope of, title to, any rights or patents herein licensed.

DEAR 952.203-70 WHISTLEBLOWER PROTECTION FOR SUBCONTRACTOR EMPLOYEES (DEC 2000)

Applies if the Subcontract involves any work at the Fermilab site or DOE-owned or leased property

DEAR 952.204-71 SENSITIVE FOREIGN NATIONS CONTROLS (MAR 2011)

Applies if any nuclear technology information will be made available to foreign nationals of sensitive foreign nations

DEAR 952.204-77 COMPUTER SECURITY (AUG 2006)

DEAR 952.227-11 PATENT RIGHTS – RETENTION BY CONTRACTOR (SHORT FORM) (MAR 1995)

Applies to agreements with small business for experimental, developmental, or research work

Per the [Department of Energy Determination of Exceptional Circumstances under the Bayh-Dole Act to Further Promote Domestic Manufacture of DOE Science and Energy Technologies \(S&E DEC\)](#) issued on June 7, 2021, the following paragraph is added to DEAR 952.227-11 as paragraph (m):

(m) *U.S. Competitiveness.* Notwithstanding 48 CFR 970.5227-3(f) U.S. Industrial Competitiveness, for all work subject to the S&E DEC, the Contractor agrees that any products embodying any subject invention or produced through the use of any subject invention will be manufactured substantially in the United States unless the Contractor can show to the satisfaction of DOE that it is not commercially feasible. In the event DOE agrees to foreign manufacture, there will be a requirement that the Government's support of the technology be recognized in some appropriate manner, e.g., alternative binding commitments to provide an overall net benefit to the U.S. economy. The Contractor agrees that it will not license, assign, or otherwise transfer any subject invention to any entity, at any tier, unless that entity agrees to these same requirements. In the event that the Contractor or other such entity receiving rights in the Subject Invention undergoes a change in ownership amounting to a controlling interest, the Contractor or other such entity receiving rights shall ensure continual compliance with the requirements of this paragraph (m) and shall inform DOE, in writing, of the change in ownership within 6 months of the change. The Contractor and any successor assignee will convey to DOE, upon written request from DOE, title to any subject invention, upon a breach of this paragraph. The Contractor will include this paragraph in all subawards/contracts, regardless of tier, for experimental, developmental or research work.

In addition, the following item (4) is added to paragraph (d): “or upon a breach of paragraph (m) U.S. Competitiveness of this clause.”

DEAR 952.227-13 PATENT RIGHTS – ACQUISITION BY THE GOVERNMENT (SEP 1997)
Applies to agreements with non-small business for experimental, developmental, or research work

Per the [Department of Energy Determination of Exceptional Circumstances under the Bayh-Dole Act to Further Promote Domestic Manufacture of DOE Science and Energy Technologies \(S&E DEC\)](#) issued on June 7, 2021, the following paragraph is added to DEAR 952.227-13 as paragraph (n):

(n) U. S. Competitiveness. Notwithstanding 48 CFR 970.5227-3(f) U.S. Industrial Competitiveness, for all work subject to the S&E DEC, the Contractor agrees that any products embodying any subject invention or produced through the use of any subject invention will be manufactured substantially in the United States unless the Contractor can show to the satisfaction of DOE that it is not commercially feasible. In the event DOE agrees to foreign manufacture, there will be a requirement that the Government's support of the technology be recognized in some appropriate manner, e.g., alternative binding commitments to provide an overall net benefit to the U.S. economy. The Contractor agrees that it will not license, assign, or otherwise transfer any subject invention to any entity, at any tier, unless that entity agrees to these same requirements. In the event that the Contractor or other such entity receiving rights in the Subject Invention undergoes a change in ownership amounting to a controlling interest, the Contractor or other such entity receiving rights shall ensure continual compliance with the requirements of this paragraph (n) and shall inform DOE, in writing, of the change in ownership within 6 months of the change. The Contractor and any successor assignee will convey to DOE, upon written request from DOE, title to any subject invention, upon a breach of this paragraph. The Contractor will include this paragraph in all subawards/contracts, regardless of tier, for experimental, developmental or research work.

In addition, the following is added to the first sentence of paragraph (d)(1): “or upon a breach of paragraph (n) U.S. Competitiveness of this clause.”
